

Certificate of Sovereign State

Issued by The People of the Talismanic Kingdom of Atmaurium, in fidelity contract with First Republic Registrar foundation ("FRRf") Ref. 286287486-001 – Date of Execution: 20th February 2024

[The Uniform Commercial code (UCc) is governing International, Commercial and Pure Trust foundation law]

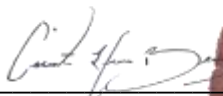

UPU Number: RF543490058GB

On the Twentieth (20) day of the Second (02) month in the year Two Thousand and Twenty-Four (2024), common era, i, a man: paul-anthony: simons, as Exchangor/Grantor, Sovereign Underwriter and Proto-Notary, with the document certified trust certificate holder of First Republic Registrar foundation after receiving it in fidelity ceremony (Art. I, § 1 FRRf trust provisions), do hereby in_sight recognition of their authenticity and grant sovereignty unto a tribal sovereign state, that is now entitled as:

The Talismanic Kingdom of Atmaurium

The Sovereignty of the People of Atmaurium is Ordained by their Natural Indigenous Birth-Rights

The State Sovereignty Certification hereof, in addition to the Pure Trust certificate (PTc), resolves all marketable titles and legislated deeds (including bifurcated mortgages) pertaining to the above-named Sovereign State. Certified Sovereignty of the State's Officials allows for further Allodial title issuance whilst the individual Lord and/or Lady Sovereigns maintain their rightful singular birthright as a human being enjoying the privileges/benefits of the Lands and Properties associated with the Sovereignty & Allodial Title Certification hereafter, also is regained in sovereignty and/or the freedom of choice in any matter. When a society uses a physical medium-of-exchange (best evidence: money and/or marketable titles and deeds), it is best evidence of a contracts law and bankrupt society. Hence, without a written contracted (two signatures) 'Certificate of Sovereignty'; the State/ Land/ Property/ Corporate-Entity and first clay-body estate remain in ordained Allodium and if the said State/ Land/ Property/ Corporate-Entity has no Sovereignty Certificate, they are a mere non-sovereign body without an enacted certificate. Certified Sovereignty of the State thusly makes the individual officials legal practitioners of their benefits and privileges (tribal provisions) issued by the proper government created by the annexed Pure Trust foundation. Without sovereignty certification, the individual nationals use his/her tribal provisions in an illegal manner. The Lord/Lady Sovereign has the privilege of issuing trust foundation written instruments that include Allodial titles (proper original land titles), Plea in Bar and/or Nullification Act (Notice of Dishonour UCc 3-503 - defeating any legal challenge at merit), Letters of credit (money), Law suit (redress of grievance), Liens (tax, land, personal, etc.), Letter of Rogatory (reciprocal response in any issue), and not excluding any other legal instrument including the creation of government, banking institutions, educational foundations, their laws and all necessary sub-entities thereof.
